

Countywide Participation and Commitments to date

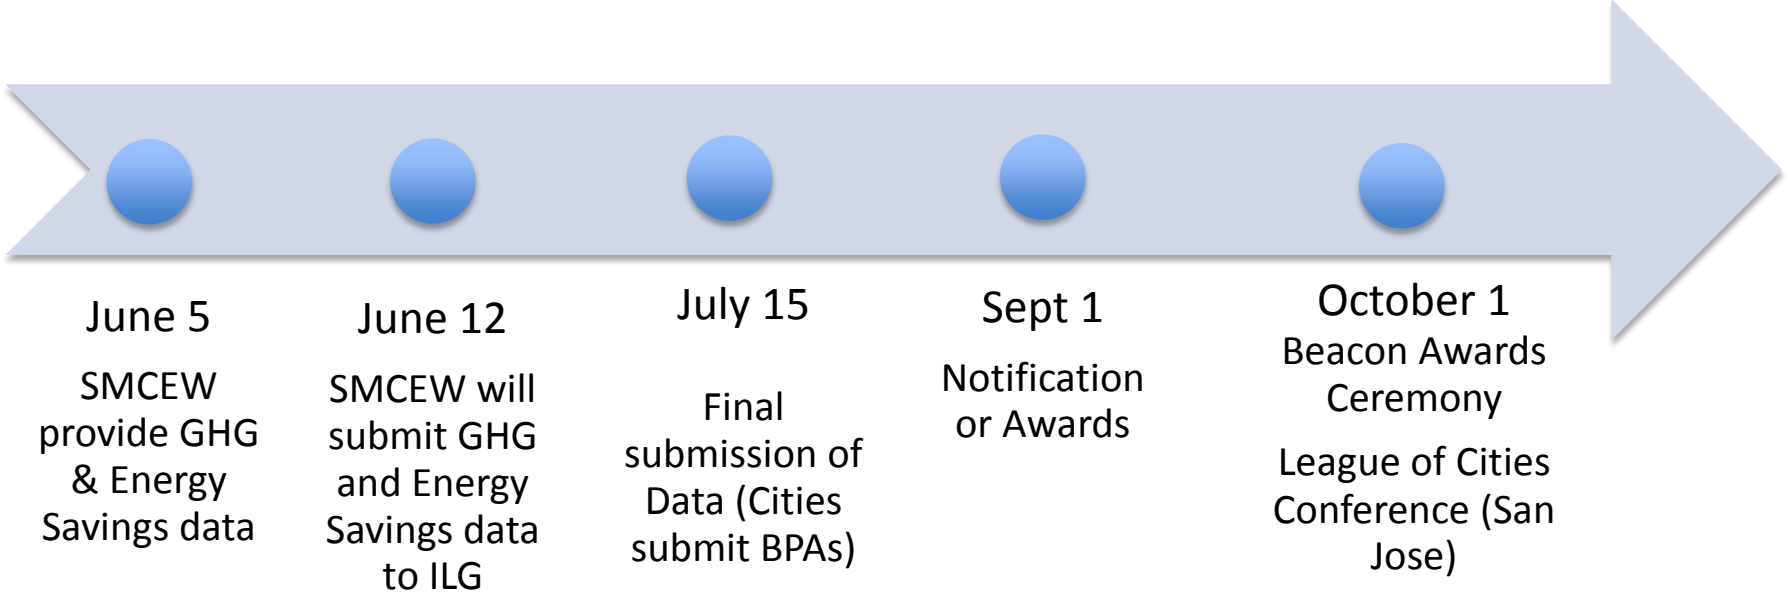

On Oct. 9th, C/CAG officially became a Beacon Award Champion

- County of San Mateo
- Brisbane
- Burlingame
- Colma
- Daly City
- Foster City
- Menlo Park
- Millbrae
- Portola Valley
- Redwood City
- San Carlos
- San Mateo

Participation tracked by Andrea Pappajohn

2015 Beacon Award Timeline

Call For Data

Survey sent to participants requesting:	Notes:
Agency Greenhouse Gas Reductions	SMCEW and DNVGL will provide directly to Beacon Award
Agency Electricity Savings	PG&E Providing and SMCEW will provide directly to Beacon Award
Agency Natural Gas Savings	PG&E Providing reports. Applies only to large Natural Gas users
Community Greenhouse Gas Reduction	SMCEW and DNVGL will provide directly to Beacon Award
Ten Best Practice Areas	Most cities have document in progress and can review again with SMCEW. Then submit to BeaconAward@ca-ilg.org

What to expect as we wrap Up

- Sending GHG and Energy Savings reductions
 - Will send to each city. Need your approval for us to send directly to ILG on your behalf
 - Energy Savings numbers for Natural Gas for large gas users (cities can decide to include or not) If not, they must demonstrate an increasing level of commitment to reduce natural gas use
 - Energy Efficiency savings were based on 2010 – 2015
 - A five year rolling cycle will ensure that cities are awarded for modern technologies and going above code.
 - Savings in prior years will still “count” in that they helped lower the denominator of the equation (total consumption), thus increasing the percentage reduction
 - Data reporting prior to 2009 is categorized differently and it is stored in our data archives, which takes more time to access. Utilities have more confidence in last 5 years of data
- Sustainability Best Practice Activities
 - Finish any additions or edits to Best Practice Activities documentation
 - Send pictures to ILG (Pictures of you too!)
 - Cities send directly to ILG: beaconaward@ca-ilg.org
