VOTE SOLAR

What is Peninsula SunShares?

Local government sponsored solar group procurement

Limited-time

- Reduce the confusion of “going solar,” making the process simple and affordable.

How?

- Pool the buying power of homeowners
- Coordinated education & outreach (20 week campaign)
- Vetted solar installers (Chosen by evaluation committee)
- Help homeowners save on their utility bills for years to come
- Make it easy to reduce our carbon footprint and support larger community sustainability goals.

Who is eligible?

- Primary focus on Palo Alto and San Mateo County residents
- Additional focus on SMC / PA employees/friends living elsewhere in the 9-county Bay Area

VOTE SOLAR

Solar. Simple. Together.
Solar is the fastest growing source of energy in America. But many homeowners may feel overwhelmed by the process and cost of going solar.

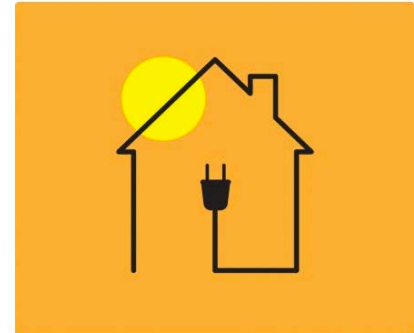

That's why neighboring communities throughout San Mateo County and Palo Alto have teamed up to launch [Peninsula SunShares](#), a program that pools the buying power of residents to make going solar easier and more affordable than ever.

For a limited time Peninsula residents (and your friends, family, co-workers and neighbors living throughout the Bay Area) can receive a home evaluation to see if solar is right for you. Two reputable solar installers have been selected by a community evaluation committee and there is no cost to receive a proposal or obligation to move forward with a project.

Should you decide solar is a good fit for your home, please sign your contract by July 31, 2015 to take advantage of the discounted program pricing. Thank you!

Sign up now. Obligation Free. ▶
